Additional Pass Door Information

As you may or may not know, **Arm-R-Lite Door Manufacturing Co. Inc.** has the best working pass door in the industry. Why? Our heli- arc welded construction yields a pass door that does not “sag” like our competitors. We recently introduced a pass door with no 4” step-over; We have been providing this door in a vertical Lift application with no step-over, for the last 6-8 years and we are currently working on some other options.

Currently, Arm-R-Lite has (3) options for our **Aluminum and Glass Models:**

- ◇ **Standard 4” step-over** – not ADA approved, not recommended for public egress, tripping hazard, recommended for private use only.
 - **Electra Model:** up to 12-2 wide
 - **Titan Model:** up to 16-2 wide
 - **Custom CI Model:** up to 18-2 wide
- ◇ **ADA Compliant** – able to do so with utilizing Vertical Lift track - up to 14’ wide (Vertical lift requires 2x door height + 1 ft.)
- ◇ **ADA Compliant** – Max width 10’ and a minimum of 8’ high, 14’ high max. 24” headroom minimum , floor must be level, (no slope available)
The clear opening of the no step-over pass door is a minimum of 36” x 84” for ADA purposes. Bottom panel of ADA Pass door must contain either a solid panel or 10” BR for compliance.

As always you can depend on our high quality to assure satisfaction of your customers.

When you need to place your order, please contact us at **1-800 554 5816**

We will be looking forward to doing business with you.

Sincerely,

Your Arm-R-Lite Customer Service and Sales Team!
