

Residential Property, CA

Malibu Model

The Malibu Model was designed to create the appearance of multiple, narrow section heights while maintaining the widest possible panel widths. Born from the sleek and modern vibe thriving on the sunny California coast, Arm-R-Lite's Malibu Model is the perfect choice for a more modern garage door style. Since 1958, Arm-R-Lite has been consistently manufacturing overhead sectional doors and has never compromised on the quality of our doors. Because of this, Arm-R-Lite is able to produce replacement sections for any of our welded models, regardless of purchase date. In addition, the Malibu Model comes with an unmatched 20-year welded frame warranty except for the top section when trolley operated.

- **Maximum Width of 24'-2"**
- **Narrow Section Heights**
- **20-Year Welded Frame Warranty***
